

# LET'S ALL GET TOGETHER

By Gerald Crabb

On the day of Pentecost in the upper room  
They were there from many walks of life  
But everybody got in tune  
They all began to seek the Lord, and earnestly they prayed  
They all got together and let the Lord have His way

Let's all get together and let the Lord have His way  
Let's all get together and let the Lord have His way  
Miracles and wonders He'll shower down today  
If we all get together and let the Lord have His way

One day three Hebrew children were cast into the flames  
They would not bow to an idol God or defy Jehovah's name  
Something special happened in Babylon that day  
In the burning fire a fourth man came  
They let the Lord have His way

Repeat chorus two times

## **Tag:**

Let's get together  
Just you and I  
Let's take our differences  
Lay them aside  
I think it's time  
We got together
