

## **TROUBLE ME NO MORE**

By Marty Funderburk and Daryl Williams

In the midst of sorrow I have found a hiding place  
A tower of strength and safety where I'm covered by God's grace  
When I speak the name of Jesus it brings demons to their knees  
And no weapon Satan's forming shall triumph over me

Heartache and trouble trouble me no more  
I refuse to worry what tomorrow has in store  
My soul is lifted up my help comes from the Lord  
Heartache and trouble trouble me no more

Oh trial and temptation you can't get the best of me  
I've overcome already and I claim the victory  
Cause there's so many mountains I've already seen Him move  
And this hill is just another test of what my God can do

Repeat chorus two times
